FELOPATER REMON

Student Full Stack Developer

felopater.remon2020@gmail.com linkedin.com/in/felopater-remon-3a8631354 6th of October City, Giza, Egypt

Summary

I am a highly motivated Full Stack Developer with a strong focus on Web Development and Software Architecture. My experience spans building secure, scalable web applications using ASP.NET Core, C#, and JavaScript frameworks like React and Angular. I enjoy creating interactive frontends paired with robust backends and am currently expanding my skills in Flutter and UI/UX Design. I am passionate about learning and impactful projects

Experience

Eva Pharma — Cairo, Egypt
Software Development Intern — 07/2025

- Worked on internal software tools used within a pharmaceutical enterprise environment
- Learned best practices in pharmaceutical technology systems and enterprise coding standards
- Gained real-world experience in teamwork, version control, and collaborative development
- Participated in solving real-world technical problems alongside professional engineers

NASA Space Apps Cairo — Cairo, Egypt
Hackathon Participant — 10/2025

- Collaborated with a cross-functional team to solve a real NASA-issued challenge
- Built and presented a working prototype solution within the hackathon timeframe
- Improved leadership, public presentation, and rapid problem-solving skills

Skills

Gmail GitHub ASP.NET Core C# SQL JavaScript React Angular SignalR Flutter Blockchain REST ASP.NET Gps Figma HTML CSS Bootstrap C/C++ Git Agile

Education

Eva International School for Applied Technology — Giza, Egypt
High School Student – Software Development — 01/2022

Key Achievements

NASA Space Apps Cairo Hackathon Participant
Built and presented a prototype for a NASA challenge at the NASA Space Apps Cairo Hackathon

PharmaFlow Development
Developed PharmaFlow, a blockchain-based pharmaceutical authentication system as a student project

Internship at Eva Pharma
Gained real-world enterprise software development experience through an internship at Eva Pharma

Languages

Arabic Native
English Proficient

Interests

Interests in Technology
Passionate about AI & Data Analysis, Web Application Security, and UI/UX Design

Projects

ChatLink — Giza, Egypt
01/2025 - 03/2025

Full Stack Web Application for messaging

- Real-time messaging platform supporting file sharing, strong security, and fast communication
- Implements Cookies Authentication for robust account protection

Projects

PharmaFlow

Giza, Egypt
02/2025 - 04/2025

Pharmaceutical Tracking & Authentication Platform

- Blockchain-based drug authentication system using QR Codes to ensure authenticity and traceability
- Connects pharmaceutical companies, distributors, and end consumers in a unified tracking chain
- Provides source details, distribution history, and medical record tracking per product
- Features a notifications system and secure backend API

Healthy Nice

Giza, Egypt
02/2025

Medical Project Management Platform

- Website for managing medical projects and health insurance for patients and providers
- Allows users to track treatments, order medications, and manage insurance policies
- Built on a scalable ASP.NET backend with a structured SQL Server database

Truck Tracking System

Giza, Egypt
01/2025 - 12/2025

Real-time GPS Tracking Application

- Tracks truck location live on an interactive map with route visualization
- Shows full route from start point to destination with live updates
- Uses SignalR for real-time data push and Leaflet.js for map rendering

TaskHarmony

Giza, Egypt
04/2023 - 06/2023

UI/UX Prototype for Team Collaboration Tool

- Designed a full UI/UX prototype in Figma for a productivity and team collaboration tool
- Focused on intuitive, user-friendly design patterns and accessibility

Screw

Giza, Egypt
11/2024 - 12/2024

Educational Platform Frontend Prototype

- Created a game-style UI/UX in Figma and built a frontend prototype for an educational platform

NGO Web Design

Giza, Egypt
08/2024 - 09/2024

Non-profit Organization Website

- Built a desktop-first UI/UX design and fully functional frontend for an NGO website
